

Information Leaflet

Koorong would like to introduce you to our dynamic school book club called Koorong Kids. Koorong Kids is designed specifically to provide students with quality books, music and gifts that express a Christian message, while acting as a great fundraiser for your school.

In a society where Christian values are being eroded, we need to give our children a Christ-centred worldview – one with a message of hope and salvation. It is Koorong Kids' vision to partner with you in this endeavour, enabling you to provide the students in your school with quality Christian products.

This brochure gives an overview of Koorong Kids. We look forward to working with you to see within our schools a generation of young people who are passionate about God.

Koorong Kids

Koorong Kids offers a highly rewarding ministry opportunity to schools of all sizes. Today, there are many quality Christian books and other materials available for school-aged students. Koorong Kids will give your students the unique opportunity to purchase from a huge range of books, Bibles, music, DVDs and gifts at Koorong's famous discounted prices.

Dates

Koorong Kids runs four times a year, coinciding with the mainland school terms. Catalogues will be distributed to participating schools at the beginning of each term. The catalogues are to be handed to the students, who then return their order form and money to your school coordinator. Once the order has been placed with us it will be processed and despatched to your school before the end of term.

A Great Fundraiser

Your school will also benefit, keeping anywhere from 10-20% of sales in cash. Simply apply the relevant discount to the total order value, keep the percentage saved and send the balance to Koorong Kids when you receive our statement.

While involved in the Koorong Kids program, your school will receive a 10% discount on all other books and resources available at Koorong.

Auto Release Program – 30% Discount Offer

With the delivery of the Koorong Kids catalogues to your school, we can also provide one of every item featured in the catalogue at a 30% discount on a strict firm sale basis. This will enable students, teachers and parents to see the products before purchasing them. Once finished with the products, you may use them for prizes or add them to your school's library. **Please indicate on the registration form whether or not you would like to take part in our Auto Release Program.** If you choose this option, your complete catalogue order will come out to you at the beginning of each mainland term automatically.

However, if you do not choose this option you can still elect to purchase the whole catalogue at 30% discount for a special occasion like Book Week. Just let the Koorong Kids Customer Service team know once you have viewed the printed catalogue.

How do we start?

When your school's appointed Koorong Kids Coordinator returns the enclosed Registration Form, we will send them an information letter. Then at the beginning of the next campaign they will receive the requested number of catalogues and order forms.

1. Teachers distribute a brochure to each student, which they can take home and discuss with their parents.
2. Each student who wishes to make a purchase then fills in the order form included with the brochure, and returns it with their money and their parent's signature to their teacher.
3. Tally the children's orders onto the Koorong Kids order form.
4. Place your final order on the web, by fax, mail or email and your books will be delivered before the end of term.

Shipment

Koorong Kids will endeavour to send all items together in one shipment.

At times a publisher may decide not to reprint a title. These titles will be clearly marked as "limited stock available" and will be supplied to schools on a "first come, first serve" basis. We suggest you return your orders to Koorong as soon as possible to avoid disappointment.

You will not pay postage on your first order each term. Subsequent orders will be charged normal postage rates, so make sure you have all children's orders before placing your order with us.

To unsubscribe from Koorong Kids all you need to do is send us a short letter, asking to be taken off the Koorong Kids database.

It is our desire that this ministry will be effective in helping students gain greater access to some wonderful Christian reading. You can have absolute confidence in our choice of products. Each will be carefully selected to ensure it has trustworthy content that reflects a Christ-centred worldview.
